NOW A DAMAGE SUIT
Added to the Series of Sensations in the Merrick Case.

Princeton, Ky., Jan. 5.—Robert Merrick, whose son, Frank Merrick, figured in a series of sensations here last summer which culminated in the sudden death of Merrick while he was under arrest for forgery, filed suit to-day in Trigg county against Deputy Sheriffs Jones and Dodds and Dr. Chas. J. Pollard, of Princeton, and Dr. Wade Jefferson, of Wallonia. He asks \$5,000 damages for his wounded feelings because of the arrest of his son and his being taken away to jail when not in a condition to travel. Merrick and his family, it is claimed, were much shocked by the actions of the officers, who were advised by the doctors.

Merrick's wife sued for divorce and within a few days after his death married again. The case has been one of sensations all the way through.

WAS NEATLY HANGED.
James Kelly's Old Father Seemed Greatly Interested in His Execution.

Charleston, S. C., Jan. 4.—James Kelly, colored, was hanged today for the murder of Willis Bonneau, a miser whom he first robbed. The murderer's father, an old man bent with age and infirmities, saw the execution. The father watched the sheriff as the ropes were being tied and never lifted his eyes off his son.

When the body had been cut down the old man sought the Sheriff and grasped his hand. "Boss," he said, "I've seen a lot of niggers hanged, but dat is de best job of dem all. Dat was my youngest child, but you sure did hang him good."

HEART FAILURE.
Mrs. Maggie McShane Found Dead in Bed.

Mrs. Maggie McShane, of Nashville, Tenn., widow of James McShane, was found dead in bed at the home of her son, Hugh McShane, in this city, Saturday morning. Death was due to heart disease.

She was about 60 years old and had been spending some time with her son. She seemed to be in her usual health Friday and was able to take a walk down town. She retired early and when she failed to appear at the breakfast hour the family supposed that she was just sleeping late and did not call her. About two hours after breakfast was over her daughter-in-law went to her room and found her dead.

The remains were shipped to Nashville Saturday afternoon. The funeral took place from her late residence yesterday morning and the body was then placed in a vault at Mt. Calvary.

Having moved my tinning and plumbing shop to larger and more commodious quarters on Virginia street, opposite Hotel Latham, also my stock of stoves, tinware, etc., I am now in a position to give you a better service at the lowest prices. Trading stamps given with all cash work and purchases.

Getting Thin

is all right, if you are too fat; and all wrong, if too thin already. Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: over-work and under-digestion.

Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however; you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has this picture on it, take no other. If you have not tried it, send for free sample, it's a greasy taste will surprise you.

MCCORMICK
WINS
AT
PARIS.

The McCormick Harvesting Machine Company, of Chicago, has been awarded the Grand Prize on Harvesting Machines at the Paris Exposition. This is the highest award.

The McCormick Company also received the highest award, a gold medal, on binder twine, for the superior quality of its product. Special twine machinery from the celebrated McCormick twine mill was exhibited to the jury and awarded a medal.

The McCormicks have received the largest number of awards, as well as the highest awards made to any American exhibitor. In addition to the Grand Prize on machines and Gold Medal on twine they have received two medals in the department of metallurgy for superiority in forming metals into special parts for machines; in the department of machinery a medal for factory machinery, and also silver and bronze medals in other classes, six medals in all, besides the Grand Prize.

The International juries of the Exposition have recognized the great revolution wrought by McCormick machines and this large number of awards is a great triumph for America.

In addition to winning these awards, the Gold Medal and 200 francs, the single highest award for binders was won easily by the McCormick Binder at the field trial at Coulommiers on July 19, against all comers. This is the greatest and most important trial held in France during the Exposition year.

Local headquarters of the above company in new building, rear of postoffice building. Full line of these goods on hand.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also

convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

A Cup of Good Coffee

To get a really good cup of coffee you'll have to start back of the actual making; you'll have to look to the roasting and the grinding. In ARBUCKLES' you have a coffee that's scientifically roasted, and delivered to you with all the pores of the berry hermetically sealed. You're sure of a good cup of coffee because all the coffee flavor and aroma are kept intact until you want it. The fame of ARBUCKLES' induced other coffee packers to put out imitations of it. These imitations cost the grocer (and you) a cent a pound less than ARBUCKLES'. But don't be tempted to buy a package of some other coffee when you can get

Arbuckles' Roasted Coffee

for it is actually less expensive than the cheap kind; goes further—besides being better flavored, more satisfying.

You will find a list of useful articles in each package of Arbuckles' Coffee. A definite part of one of these articles becomes yours when you buy the coffee. The one you select from the list will be sent you on condition that you send to our Notion Department a certain number of signatures cut from the wrappers.
